Notes:

- All plans are payable one year in advance by cheque, cash or money order. Credit Card payments are available; please speak to one of our representatives.
- Exceeding Transfer/Bandwidth will be \$8.00 per gig. We suggest that you upgrade your account to the plan that offers you the bandwidth that you need. If you don't choose to select the plan that you need and don't upgrade before you use extra bandwidth, you will be charged \$8.00 per gig you go over.
- Adding an add-on domain will also use one of your allowed sub-domains and vice versa.
- Secure Server, free using our certificate, otherwise you need to purchase your own.
